Effective date: [Date]
Operator: [Legal entity name], trading as Narrow Studios, registered in Nigeria under [RC/BN number], [registered address] (“Narrow Studios”, “we”, “us”).
Website: narrow-studios.com
Contact: narrowviewfilm@gmail.com

1. Agreement

By creating an account, buying, downloading or using anything from narrow-studios.com (the “Site”), you agree to these Terms, the Asset License Agreement, the Refund Policy and the Privacy Policy. Together these form one binding contract. If you do not agree, do not use the Site.

If you accept on behalf of a company, you confirm you have authority to bind it, and “you” means that company.

2. Eligibility

2.1 You must be at least 18 years old, or the age of majority where you live, to accept these Terms.

2.2 If you are between 13 and 18, a parent or legal guardian must accept these Terms on your behalf and is responsible for your purchases and use.

2.3 The Site is not directed at children under 13, and they may not create an account.

3. Accounts

3.1 You must give accurate information and keep it up to date.

3.2 Your account is personal. You may not share your login, sell or transfer your account, or let anyone else download through it. Team access is available only as set out in the License Agreement.

3.3 You are responsible for everything that happens under your account. Tell us immediately at narrowviewfilm@gmail.com if you suspect unauthorised access.

3.4 We may suspend or close accounts that breach these Terms, show signs of fraud, or are linked to piracy or redistribution.

4. Products and ownership

4.1 Narrow Studios sells digital assets for filmmakers and creators, including LUTs, presets, sound effects, music, transitions, overlays, templates, stock footage, project files and fonts (“Assets”).

4.2 **You buy a license, not the Asset.** All Assets are original works created by Narrow Studios. Narrow Studios keeps all copyright, trademark and other intellectual property rights in the Assets, the Site, its design, text, graphics, previews, and the Narrow Studios name and logo. Nothing in these Terms transfers ownership to you.

4.3 What you may do with an Asset depends on the license tier you buy (Personal, Commercial or Extended), as defined in the License Agreement.

4.4 Previews, thumbnails and demo content on the Site are for evaluation only and may not be downloaded, captured, ripped or used in any project.

5. Prices and payment

5.1 Prices are shown in [NGN / USD] and include or exclude taxes as stated at checkout. Your bank may charge currency conversion or international transaction fees.

5.2 Payments are processed by Paystack. We do not see or store your full card details. Paystack’s own terms and privacy policy also apply to your payment.

5.3 All purchases are one-time payments for a perpetual license. There are no subscriptions or recurring charges.

5.4 We may change prices at any time. Changes do not affect orders already paid.

5.5 If a payment is reversed, charged back or found to be fraudulent, the license for that order ends immediately, and we may close the account.

6. Delivery

6.1 Assets are delivered digitally through your account after payment is confirmed. Download links may expire and may be limited in number. Keep your own backup copies.

6.2 We aim to keep past purchases available in your account. We do not guarantee permanent availability and may retire products.

7. Refunds

All sales are final once a file has been downloaded, except as stated in the Refund Policy. At checkout you will be asked to agree that delivery starts immediately and that you lose any right to cancel once you download.

8. Prohibited conduct

You must not:

- share, upload, resell, sublicense, give away or trade any Asset or Asset file, in original or modified form;
- post Assets or download links on file-sharing, torrent, cloud, Telegram, Discord or similar services, or in any “free asset” or “group buy” scheme;
- remove or alter watermarks, license files, metadata or ownership notices;
- use Assets, previews or the Site to train, fine-tune or test any artificial intelligence or machine-learning model, or to generate similar assets;
- scrape, crawl, or bulk-download from the Site, or bypass download limits or security;
- create competing products using our Assets as a base;
- use the Narrow Studios name or logo except as allowed in the Brand & Trademark Guidelines;
- impersonate Narrow Studios or claim an endorsement or partnership that does not exist;
- use the Site for fraud or anything unlawful.

9. Enforcement

9.1 If you breach these Terms or the License Agreement, your licenses end automatically, without refund. You must stop using and delete the affected Assets. Projects already finished and lawfully published under a valid license before the breach are not affected, unless the breach is redistribution of the Assets themselves.

9.2 Narrow Studios actively monitors for piracy and will pursue infringement. This includes takedown notices, reports to platforms, hosts and payment providers, and legal action for damages, an account of profits, injunctions and legal costs under the Copyright Act 2022 of Nigeria and the laws of the country where the infringement happens.

9.3 Each order may carry identifying information that allows a leaked file to be traced to the purchasing account.

10. Warranties and disclaimers

10.1 We warrant that the Assets are original works of Narrow Studios and that we have the right to license them to you.

10.2 Apart from that, Assets are provided “as is”. We do not guarantee that an Asset will suit your project, software version or hardware. Check compatibility on each product

page before buying.

10.3 Nothing in these Terms limits rights you have under consumer laws that cannot be excluded where you live.

11. Limitation of liability

11.1 To the fullest extent allowed by law, Narrow Studios is not liable for any indirect or consequential loss, lost profits, lost data, or project delays arising from use of the Site or Assets.

11.2 Our total liability to you for any claim is limited to the amount you paid for the Asset that gave rise to the claim.

11.3 Nothing limits liability for fraud, or for death or personal injury caused by negligence.

12. Indemnity

You agree to cover Narrow Studios for losses, claims and legal costs caused by your breach of these Terms or the License Agreement, or by content you create using the Assets.

13. Changes

We may update these Terms. The version in force on the date of your purchase governs that purchase. Material changes will be posted on the Site with a new effective date and, for account holders, sent by email.

14. Governing law and disputes

14.1 These Terms are governed by the laws of the Federal Republic of Nigeria.

14.2 Before starting any legal claim, both sides will try to resolve the dispute in good faith by email for 30 days.

14.3 The courts of Lagos State, Nigeria, have jurisdiction. Narrow Studios may also take action to stop infringement in any country where it occurs. If you are a consumer in the EU, UK or another country whose law gives you the right to sue at home, you keep that right.

15. General

If any part of these Terms is found unenforceable, the rest stays in force. Our failure to enforce a right is not a waiver. You may not transfer your rights under these Terms.

These Terms, with the documents listed in section 1, are the entire agreement between us.

2. Asset License Agreement

Effective date: [Date]
Licensor: [Legal entity name], trading as Narrow Studios (“Narrow Studios”)
Contact: narrowviewfilm@gmail.com

This Agreement sets out what you may do with any asset bought from narrow-studios.com. It forms part of the Terms of Service. Every download includes a LICENSE.txt file recording your name, order number and license tier. That file, read with this Agreement, is your proof of license.

1. Definitions

- **Asset**: any digital product sold on the Site, including LUTs, presets, sound effects, music, transitions, overlays, templates, stock footage, project files and fonts, and any part of them.
- **End Product**: a finished work you create that incorporates an Asset, for example a film, video, advert, music video, social post, photo or design, where the Asset is not the main value and cannot be extracted as a standalone file.
- **Licensee / you**: the person or legal entity named on the order.
- **Authorised User**: a named individual allowed to use the Assets under a Commercial or Extended license.
- **Client**: a third party you create an End Product for.

2. Grant of license

2.1 When you pay in full, Narrow Studios grants you a **non-exclusive, non-transferable, perpetual, worldwide** license to use the Asset to create End Products, within the limits of the tier you bought.

2.2 “Perpetual” means the license does not expire. It ends only if you breach this Agreement (section 8).

2.3 You get a license to use the Asset. Narrow Studios keeps all ownership, copyright and other rights in every Asset.

3. License tiers

	Personal	Commercial	Extended / Broadcast
Who may use it	1 named individual	1 legal entity, up to 5 Authorised Users	1 legal entity, unlimited employees, plus contractors under written confidentiality

Redistribution or resale of the Asset itself	Never	Never	Never

If your use falls into a higher tier, you must upgrade before publishing. You may upgrade at any time by paying the price difference.

4. What every tier allows

- Editing, cutting, layering, colour-adjusting and otherwise modifying Assets inside your End Products.
- Installing Assets on devices used by you or your Authorised Users, for that use only.
- Keeping backup copies for your own use.
- Continuing to distribute End Products you created while your license was valid, forever.

5. What no tier allows

Under any tier, you may not:

1. Redistribute, resell, sublicense, share, give away, lend or trade any Asset, in original or modified form, including as part of another pack, bundle, template, preset, LUT, sound library or stock collection.
2. Give Clients the Asset files, editable templates or project files. Clients receive only rendered End Products. If a Client needs the editable files, the Client must buy its own license.
3. Upload Assets to file-sharing, torrent, cloud-sharing, Telegram, Discord, WhatsApp groups, “group buy” schemes or any public or shared location.
4. Use Assets in any product where the Asset is the main value, such as print-on-demand items, NFTs, wallpapers, ringtones, or template marketplaces.
5. Register any Asset, or any work that is mainly an Asset, with a content-identification system (e.g. YouTube Content ID), music distributor, stock agency or copyright office as your own.
6. Claim authorship of an Asset, or remove or change watermarks, LICENSE.txt files, metadata or ownership notices.
7. Use Assets, previews or any part of the Site to train, fine-tune, test or prompt any artificial intelligence or machine-learning system, or to create datasets.
8. Use music or sound effects as standalone audio, such as on streaming services, in albums or as background-music playlists, outside an End Product.
9. Use Assets in content that is unlawful, defamatory, hateful, sexually explicit, or that falsely suggests Narrow Studios endorses you, your Client or your product.
10. Transfer your license to another person or company, except as part of selling your whole business with written notice to us.

6. Category-specific terms

LUTs and presets. You may use them in any End Product of your tier. You may not resell or share LUT/preset files, convert them into other formats for distribution, or reverse-engineer them to create competing packs.

Templates and project files. Deliver only the final render. Editable files must not leave your organisation.

Music and sound effects. Use is synchronised with picture or within an End Product only. [If Content ID is used: Some tracks are registered with YouTube Content ID. If your video receives a claim, email narrowviewfilm@gmail.com with your order number and video link. We will release the claim, normally within 5 working days.]

Stock footage. Narrow Studios holds model and property releases where they are required. You may not use footage of identifiable people in a way that is defamatory, sensitive (e.g. health, politics, sexuality, crime) or suggests endorsement of a product or cause by that person.

Fonts. You may install fonts on devices of your Authorised Users and use them in rendered video, images, print and PDF. Web, app or game embedding and use in a registered logo require Extended. You may not modify fonts to create derivative fonts for distribution.

7. Team use (Commercial and Extended)

7.1 The Licensee must keep a list of Authorised Users and give it to Narrow Studios on request.

7.2 Assets must be stored only in access-controlled locations within the Licensee's organisation.

7.3 The Licensee is responsible for every Authorised User and contractor. A breach by any of them is a breach by the Licensee.

7.4 When an Authorised User or contractor leaves, the Licensee must remove their access to the Assets.

8. Termination

8.1 This license ends automatically, without notice or refund, if you breach it, if your payment is reversed or charged back, or if the order was fraudulent.

8.2 On termination you must stop using the Assets, delete all copies, and stop distributing any End Product created after the breach.

8.3 End Products you lawfully published before termination may stay published, unless the termination is for redistribution of the Assets themselves, or the End Product itself breaches this Agreement.

9. Enforcement

9.1 Unauthorised use or sharing of Assets infringes copyright under the Copyright Act 2022 of Nigeria and the copyright laws of other countries.

9.2 Narrow Studios may trace leaked files to the purchasing account, close accounts, issue takedown notices, and take legal action for injunctions, damages, an account of profits and legal costs.

9.3 Narrow Studios may ask you to show the LICENSE.txt file or order record for any End Product. You must respond within 14 days.

10. Credit

Credit is welcome but not required. If you credit us, use: *"[Asset type] by Narrow Studios — narrow-studios.com"*. Credit does not mean endorsement. See the Brand & Trademark Guidelines.

11. Warranty and liability

Narrow Studios warrants that it created the Assets and has the right to license them. All other terms on warranty, liability and indemnity are in the Terms of Service.

12. Governing law

This Agreement is governed by the laws of the Federal Republic of Nigeria, as set out in the Terms of Service.

13. Questions

Unsure whether your project fits your tier? Email narrowviewfilm@gmail.com before you publish. Our written answer forms part of your license.

3. Refund Policy

Effective date: [Date]
Contact: narrowviewfilm@gmail.com

All sales of digital assets are final once a file has been downloaded. Digital files cannot be returned, so a refund after download would mean giving the product away.

1. Before you buy

Each product page shows previews, file formats, software and version compatibility, and the license tier. Please check them carefully. If you are unsure, email us before buying.

2. Your consent at checkout

At checkout you will be asked to confirm that:

- you want access to the digital content to begin immediately; and
- you understand that you lose any right to cancel or receive a refund once you download any file from the order.

If you live in the EU or UK, this is your express consent to waive the 14-day cancellation period for digital content.

3. When we will help

We will repair, replace or refund (at our choice) if:

Situation	What we do	Time limit
A file is corrupted or will not open, and we cannot send a working version	Replacement, or a full refund for that product if a fix is not possible	14 days from purchase
You received the wrong product	Correct product sent; wrong one must be deleted	14 days from purchase
The product is materially different from its description	Fix, replacement or refund	14 days from purchase
You were charged twice for the same order	Duplicate charge refunded	30 days from purchase

Situation	What we do	Time limit
You have not downloaded any file from the order	Full refund on request	14 days from purchase

We do not refund for change of mind, buying the wrong tier (you can upgrade by paying the difference), lack of skill with the software, or incompatibility clearly stated on the product page.

4. How to request help

Email narrowviewfilm@gmail.com with your order number, the product name, and a description or screenshot of the problem. We reply within [3] working days.

5. Effect of a refund

When a refund is issued, the license for that product ends. You must delete all copies and must not use the product in any new work. Download access is removed from your account.

6. Chargebacks

Please contact us before disputing a payment with your bank. A chargeback ends the license for the order straight away, and we may close the account. Where a chargeback is opened after the files were downloaded, we will provide download records to Paystack and your bank.

7. How refunds are paid

Approved refunds go back to the original payment method through Paystack. Timing depends on your bank, usually [5–10] working days. Currency conversion and bank fees are not refundable.

8. Your legal rights

This policy does not remove any rights you have under consumer protection laws that apply to you and cannot be excluded, including Nigeria’s Federal Competition and Consumer Protection Act 2018.

4. Privacy Policy

2. How we protect our assets using your data

Each order may include identifying information embedded in or linked to the downloaded files. If a file appears publicly without authorisation, we use these records to identify the account it came from and enforce our license and Terms. This is necessary to protect our intellectual property.

3. Who we share data with

We share data only with service providers who process it for us under contract:

- **Paystack**: payment processing.
- **[Website platform / host]**: running the Site and storing account data.

We sell worldwide and some providers store data outside Nigeria (for example in the EU or US). Where data leaves Nigeria, the EU or the UK, we rely on adequacy decisions, standard contractual clauses or other safeguards recognised under the NDPA and GDPR.

5. How long we keep data

Data	Kept for
Account data	While your account is open, then [12 months]
Order and license records	[6 years] after purchase, for tax, accounting and proof of license. Because licenses are perpetual, we may keep a minimal record of your license for as long as it exists, so we can confirm it for you

Records in an infringement case	Until the case and any appeal period end

6. Your rights

Depending on where you live, you can:

- access the data we hold about you;
- correct inaccurate data;
- delete your data (we may keep order and license records we are legally required to keep, or need for a legal claim);
- restrict or object to processing, including based on legitimate interest;
- receive your data in a portable format;
- withdraw consent at any time, for example by unsubscribing from the newsletter;
- for California residents: know what we collect and opt out of any “sale” or “sharing” of data. We do not sell personal data.

To use a right, email narrowviewfilm@gmail.com. We reply within 30 days and may ask you to verify your identity.

You can complain to the **Nigeria Data Protection Commission (NDPC)**, or your local data protection authority if you are in the EU or UK. We would appreciate the chance to

resolve your concern first.

7. Security

We use encrypted connections (HTTPS), encrypted passwords, access controls and reputable providers. No system is fully secure. If a breach affects your data and is likely to put you at risk, we will tell you and the relevant regulator as the law requires.

8. Children

The Site is not directed at children under 13, and we do not knowingly collect their data. Users aged 13 to 17 need a parent or guardian to accept our Terms. If you believe a child under 13 has given us data, contact us and we will delete it.

9. Marketing

We send the newsletter only if you opt in. Every email has an unsubscribe link. Service emails (receipts, download links, license or policy changes) are not marketing and are sent as part of your account.

10. Changes

We will post updates here with a new effective date, and email account holders about material changes.

6. Copyright & Takedown Policy

Effective date: [Date]
Copyright agent: [Name], [Legal entity name], trading as Narrow Studios, [registered address]
Email: narrowviewfilm@gmail.com (subject line: “Copyright Notice”)

Every asset sold on narrow-studios.com is an original work owned by Narrow Studios and protected by the Copyright Act 2022 of Nigeria and international copyright treaties. Any copying, sharing or resale outside the Asset License Agreement is infringement, and we act on every report.

Part A — Reporting piracy of Narrow Studios assets

1. How to report

If you see Narrow Studios assets shared, sold or offered free anywhere, for example on websites, torrent sites, Telegram, Discord, WhatsApp, marketplaces or “group buys”, email us with:

- the link(s) or location;
- the product(s) involved, if known;
- screenshots, if possible.

Reports are confidential. [Optional: verified reports that lead to a removal earn a [store credit of X].]

2. What we do

1. Trace the leaked file to the purchasing account where possible.
2. Terminate the license and close the account involved, without refund.
3. Send takedown notices to the site, host, platform, search engines (for de-indexing) and payment providers.
4. Where justified, take legal action for injunctions, damages, an account of profits and legal costs, in Nigeria or in the country where the infringement happens.

Part B — Notices of infringement sent to Narrow Studios

We respect the rights of others. If you believe something on narrow-studios.com infringes your copyright or trademark, send a written notice containing:

1. your name, address, phone and email;

2. identification of the work you say is infringed;
3. the URL of the material on our Site;
4. a statement that you believe in good faith that the use is not authorised by you, your agent or the law;
5. a statement that the information in the notice is accurate and that you are the rights owner or authorised to act for them;
6. your physical or electronic signature.

We will review valid notices promptly, normally within [5] working days, and may remove or disable access to the material while we investigate. Incomplete notices may not be acted on. False or bad-faith notices may make the sender liable for damages and costs.

Counter-notice

If content was removed because of a notice and you believe it was a mistake, send a counter-notice with the same details, explaining why the removal was wrong. Where the law allows, we may restore the material unless the complaining party starts legal proceedings within [10–14] working days.

Part C — Repeat infringers

Accounts involved in redistribution, or the subject of repeated valid infringement notices, are permanently closed. We may refuse future sales to the person or company involved.

Part D — Standard takedown notice (template we send)
